

# ZENIKO 固件升级软件 Z1 说明书

打开文件夹里的 ZENIKO Z1 应用软件。

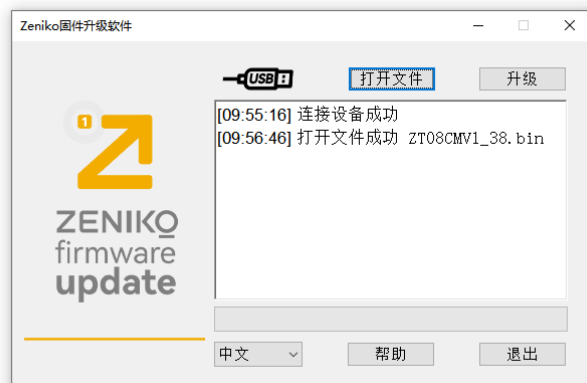

## 1、 连接设备

- (1) 连接升级设备前，请到官网提前下载好对应机型的产品固件（型号.bin）和了解连接操作。
- (2) 通过 USB 线（数据线类型）连接设备和电脑。

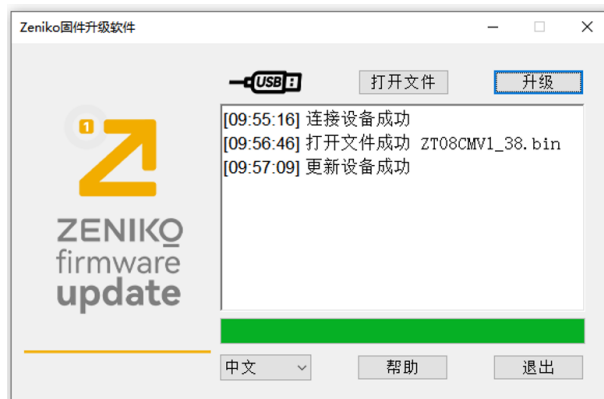

## 2、 打开文件

->点击“打开文件”打开对应的.bin 文件。

## 3、 升级

点击升级，升级成功则显示“更新设备成功”。

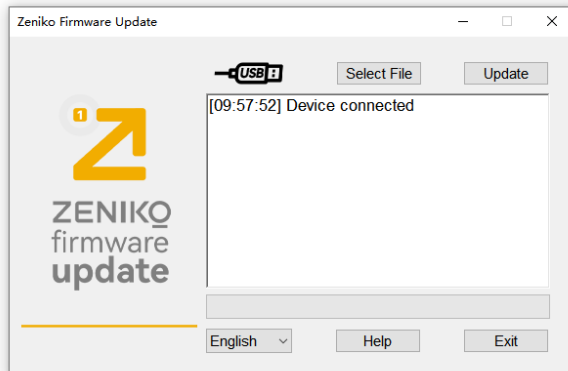

# Instruction Manual for ZENIKO Firmware Update Software Z1

Open the application in ZENIKO Z1.

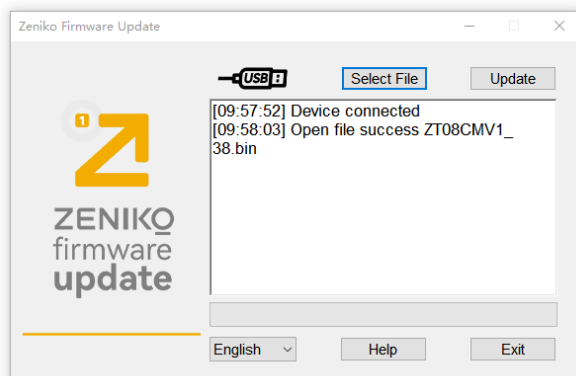

## 1、 Connect the Device

- (1) Before connecting the device for upgrading, please download the corresponding firmware for your product model (model *.bin*) from the official website, and review the connection instructions.
- (2) Connect the device to the computer with an USB connection line(appropriate type).

## 2、 Open the File

→ Please download the product firmware (model *.bin*) from the official website and open it by clicking “Open File”.

## 3、 Updating

Click “Upgrade”. If the upgrade is successful, “Updated Device Success” will be displayed.
